

Transformatoren und Gerätebau

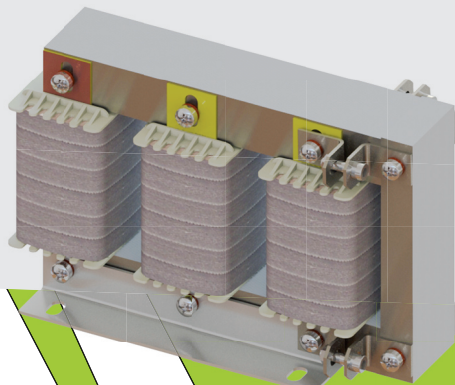

Not only
black & white

customer-specific production

The newest choke & filter solutions for

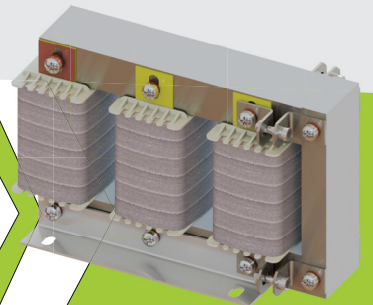

- 3-level topology
- Silicon carbide topology

+ Highly efficient chokes, filters or LCL components for power electronics, power quality and regenerative drive technology

+ Power range from 10 kW

Transformatoren und Gerätebau

The newest choke & filtering concepts for

- 3-level topology
- Silicon carbide topology

quiet

compact

light

efficient

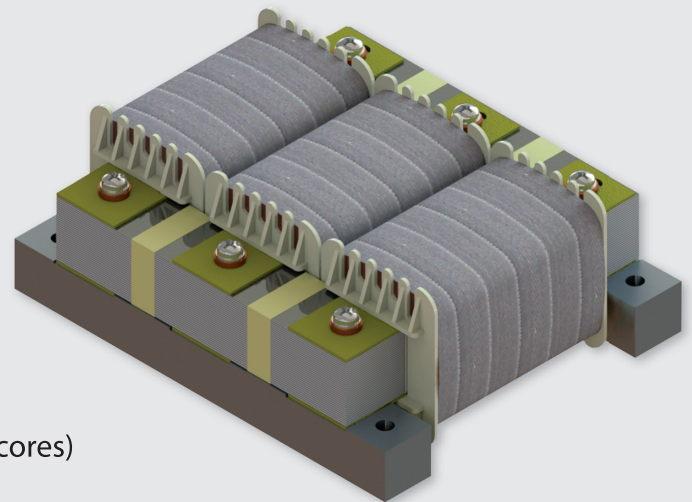

favourable

- + Defined coilwares for the power electronics from 10 kW

Advantages

- + Compact design with high-grade materials (amorphous, JFE Super Core, nano-crystalline, powder cores)
- + Low iron and winding losses
- + Very quiet

**40 % of space and weight savings
maximum efficiency**
